For information regarding critical accounting estimates used by BRCC, please see Note 2 of the unaudited financial statements of BRCC for the period ended September 30, 2007.

Changes in Accounting Policies including initial Adoption

On January 1, 2007, the Company adopted CICA accounting Handbook section 3855, Financial Instruments – Recognition and Measurement, section 3861, Financial Instruments – Disclosure and Presentation, section 1530, Comprehensive Income, and section 3251, Equity.

Financial Instruments and Other Instruments

BRCC's financial instruments consist of cash, amounts receivables, and accounts payable and accrued liabilities.

Management does not believe these financial instruments expose BRCC to any significant interest, currency or credit risks arising from these financial instruments. The fair market values of cash and cash equivalents, accounts and other receivables, investments, accounts payable, mortgages, master installment payment agreements, convertible notes payable and debentures payable approximate their carrying values.

Business Risks

The Company was only recently incorporated and has no active business or assets other than cash. It does not have a history of earnings, nor has it paid any dividends and will not generate earnings or pay dividends until at least after the Completion of the Proposed Qualifying Transaction and may never pay dividends. The directors and officers of the Company will only devote part of their time and attention to the affairs of the Company and there are potential conflicts of interests to which some of the directors and officers of the Company will be subject in connection with the operations of the Company.

Subsequent Event

On September 27, 2007, the Company announced that it had entered into a Letter Agreement (the "Agreement") with Kilo Goldmines Inc. ("KILO"), a private company involved in the exploration of mineral properties in the Democratic Republic of Congo. Pursuant to the Agreement, the Company may acquire all of the issued and outstanding shares of KILO (the "Transaction"). Pursuant to the Transaction, the Company may acquire all the issued and outstanding shares of KILO valued at \$0.80 per share, in exchange for the issuance to the shareholders of KILO of common shares of the Company at a deemed price of \$0.20 per common share. The Transaction is an arm's length transaction pursuant to the policies of the TSX Venture Exchange (the "Exchange"). The Transaction will constitute the Company's "Qualifying Transaction" as such term is defined in the Exchange Policy 2.4, and upon completion, will result in the listing of the Company as a Tier 2 Mining Issuer.

Disclosure Controls and Procedures

Disclosure controls and procedures are designed to provide reasonable assurance that all relevant information is gathered and reported to senior management, including the CEO and CFO, on a timely basis so that appropriate decisions can be made regarding public disclosure.

BRCC's Management conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of September 30, 2007. Based on this evaluation, the CEO and CFO have concluded that our disclosure controls and procedures, as defined in Multilateral Instrument 52-109, Certification of Disclosure in Issuers' Annual and Interim filings, are effective to ensure that information required to be disclosed in reports that we file or submit under Canadian securities legislation is recorded, processed, summarized and reported within the time periods specified in those rules and forms.
