

Kilo Announces Appointment of Vice President Operations

Toronto, Ontario. – February 7, 2012 – Kilo Goldmines Ltd. (TSX Venture: KGL; Frankfurt: 02K) (“**Kilo**” or the “**Company**”) announced that Stuart Thomson has joined the company as Vice President Operations. Mr. Thomson's appointment is subject to regulatory approval.

Mr Thomson originates from New Zealand and has a master's degree in Chemical and Materials Engineering and has over 20 years experience in the resource industry. Over this period he has worked in Australia, Africa (Botswana, Mali, South Africa, Zambia and Zimbabwe), Europe (Ireland) and South America (Brazil).

In these countries he has worked in an operational, project development and process/business/strategy/environmental consulting role in the base metals, precious metals, industrial minerals and coal/energy sectors. Mr Thomson has also represented an international mining house at a governmental/industry level on strategic issues facing the mining industry, as well as providing technical/business input at a board level.

Prior to joining Kilo, Mr Thomson has held various roles from graduate engineer to senior management, with: Queensland Nickel in Australia, Anglo American in South Africa and major international EPCM contractors such AMEC and Fluor Daniel.

Mr Thomson brings a broad spectrum of experience to Kilo across the gold value chain, from resource development to project closure. In addition, he has an in-depth knowledge of both refractory and non-refractory gold ore bodies along with the associated technical/environmental/business constraints.

Alex van Hoeken, President & CEO, commented “Stuart's experience will provide significant support for Kilo Goldmines and his skill set will be drawn upon to implement various technical and business systems and procedures to ensure accountability to the board and to shareholders. In addition, he will be responsible for the necessary studies to support the development of the resource through the various project stagegates to production”.

In conjunction with Mr. Thomson's appointment, which was effective January 15, 2012, and subject to regulatory approval, Kilo has granted him stock options to acquire 300,000 common shares of the Company exercisable for a three year period at a price of \$0.20 per share.

About Kilo

Kilo Goldmines Ltd. is a Canadian gold exploration company operating in the Democratic Republic of Congo (DRC). The Company has over 7,000 square km of favourable Archaean Kabalian greenstone in the Kilo-Moto area in north-eastern DRC.
